- Conducted due diligences and wrote/evaluated contracts both in Portuguese and in English.

## PROJECTS

### Portfolio Website – [xpedrofernandes.com](#)

Personal Project

Dublin, Ireland

Sep 2024 – Current

- Developed a responsive personal portfolio website using HTML, CSS, and JavaScript, featuring smooth navigation, mobile responsiveness, and a modern dark theme.
- Showcased projects and work experience with reusable cards, semantic structure, and lightweight design for speed and clarity.

### AI Image Classifier

Personal Project

Dublin, Ireland

Jun 2025 - Current

- Built an AI web app in Python using TensorFlow (MobileNetV2), Streamlit, and OpenCV to identify objects in uploaded photos. Designed an easy-to-use interface that shows the top 3 predictions with confidence levels.
- Optimized performance with smart image processing and model caching for a smooth user experience.

## ACTIVITIES & EXTRACURRICULARS

### Google Code Retreat Workshop

Selected Participant

Dublin, Ireland

April 25<sup>th</sup>, 2025

- Chosen to take part in an intensive, full-day software engineering workshop focused on clean code practices, pair programming, and problem-solving with industry professionals.

### Leading Ireland's Future Together (LIFT)

Facilitator

Dublin, Ireland

Sep 2024 – Current

- Built leadership values in a group of peers through an 8-week programme, in which round tables were organized each week to discuss Ireland's top 8 leadership attributes.

## SKILLS

**Programming & Tools:** Python, C, Java, PHP, MySQL, HTML/CSS, JavaScript, Git, Bootstrap.

**Soft Skills:** Teamwork, Communication, Leadership, Problem-Solving, Adaptability, Customer Service, Organization, Critical Thinking.
